

SUMMARY

A front-end focused software engineer with 5+ years of relevant experience and a background in marketing, recruiting, and international relations. I enjoy building responsive, scalable, and accessible web applications using React, TypeScript, and CSS frameworks such as Tailwind.

SKILLS

Specialty: JavaScript/TypeScript, React, CSS3/Sass, Tailwind CSS, Git/GitHub/GitLab

Other: Redux, Jinja, Jest, Vitest, React Query, Yarn, Storybook, iOS Simulator, RESTful API, Python, Heroku

WORK EXPERIENCE

Software Engineer II, Stavvy, Boston

October 2021 – January 2025

- Develop and maintain the PDF document editor for eClosings across various formats (tablet, remote, hybrid), ensuring seamless user experiences for real estate and mortgage professionals.
- Implement and manage email templates using Jinja, contributing to automated communication features for clients.
- Collaborate on the development and upkeep of a homegrown custom component library, providing reusable, consistent UI elements across the entire digital platform.

Software Engineer, Constant Contact, Waltham

September 2019 – October 2021

- Use React and JS to develop, test, and maintain the front-end UI toolkits for presentational components.
- Work across all product delivery teams to implement these components based on the requirements of the end-user and the vision of the design team.
- Collaborate in plannings and design sessions with senior engineers, Product Management, and UX Design teams.

Software Engineer in Training, General Assembly, Boston

April 2019 – August 2019

- Complete a 12-week / 480+ hour immersive course on full-stack web development.
- Build quality RESTful APIs and integrate data from third-party APIs using various languages and technologies.
- Design and build multiple web applications using MVC frameworks. Utilize Git and GitHub for version control.

CERTIFICATIONS

IAAP Certified Professional in Accessibility Core Competencies (CPACC)

- Specializes in digital accessibility standards, ensuring adherence to accessibility laws and industry best practices. Enhances the user experience for individuals with disabilities, fostering inclusivity and equal access for all users.

OTHER EXPERIENCE

Admissions Specialist, Tufts University, Medford

October 2018 – April 2019

Admissions and Data Coordinator, Harvard University, Cambridge

July 2018 – October 2018

Admissions Project Associate, Penn State University, State College, PA

December 2017 – May 2018

- Assisted in improving these institutions' marketing strategies, tracked application funnels, ensured data integrity in CRM systems, and served as primary point of contact for prospective students and visitors.

EDUCATION

MA in International Affairs, Penn State University, State College, PA

Graduated May 2018

BA in East Asian Studies and Translation, Bucknell University, Lewisburg, PA

Graduated May 2016
