SASHA BAUSHEVA

Full-Stack Web Developer

sashabausheva.github.io abausheva@gmail.com 570-768-8788 SashaBausheva sasha-bausheva MA 02140

SUMMARY

A full-stack web developer with a background in marketing and international relations. My previous career in recruiting has geared me toward non-stop search for efficient solutions, while my passion for foreign languages has trained me to easily grasp new syntactic structures and to embrace the lifelong learning process.

SKILLS

JavaScript, jQuery/AJAX, Axios, Ruby, Ruby on Rails, Ember.js, HTML5, CSS3/Sass, Bootstrap, Git/GitHub, Mongoose.js, Express.js, Node.js, React.js, MongoDB, PostgreSQL, Handlebars, Heroku, Bash, RESTful API

RELEVANT EXPERIENCE & PROJECTS

Software Engineer in Training, *General Assembly,* Boston **April 2019 – present**

- Completed a 12-week / 480+ hour immersive course on full-stack web development using a variety of modern programming languages and technologies.
- Built quality RESTful APIs and integrated data from third-party APIs.
- Designed and built multiple web applications using MVC frameworks. Utilized Git and GitHub for version control.

PICTURE IT

Implemented a third-party API which allows users to search for high-resolution photos and use them to create their personal image collection.

- **Technologies:** React.js, MongoDB, Express.js, JavaScript, Axios, HTML5, CSS3, and Material UI.

CAGUSABI IMAGE UPLOADER

Full-stack team project allowing users to host, edit, and delete images as well as view and interact with all images uploaded by other users.

- **Technologies:** MongoDB, Express.js, JavaScript, AWS, Node.js, Handlebars, Bootstrap.

TIC-TAC-TOE

Built an application allowing users to play a game of tic-tac-toe locally. Interacts with a third-party API to store player information, games, and moves made.

- **Technologies:** JavaScript, jQuery/AJAX, HTML5, CSS/SASS, and Bootstrap.

EVENT PLANNER

Created an application for adding, editing, and deleting events in the database. Non-signed and authenticated users have different editing rights.

- **Technologies:** Ruby (Rails), PostgreSQL, JavaScript, jQuery/AJAX, Handlebars, Bootstrap.

OTHER EXPERIENCE

Admissions Specialist, *Tufts University,* Medford **October 2018 – April 2019**

Admissions and Data Coordinator, *Harvard University,* Cambridge **July 2018 – October 2018**

Admissions Project Associate, *Penn State University,* State College, PA **December 2017 – May 2018**

- Assisted in improving these institutions' marketing strategies, tracked application funnels, ensured data integrity in CRM systems, and served as primary point of contact for prospective students and visitors.

EDUCATION

MA in International Affairs, *Penn State University,* State College, PA **Graduated May 2018**

- Relevant coursework: Applied Statistics, Quantitative Data Analysis, e-Marketing.

BA in East Asian Studies and Translation, *Bucknell University,* Lewisburg, PA **Graduated May 2016**

- Relevant coursework: Introduction to Computer Science (Python).
